The editor of the Muhlenberg Echo is a gentleman and a scholar. For proof read his paper any week in the year.

LET us have a Board of Pardons, to relieve us of the unbearable evil of executive clemency. Such a board could investigate all cases coming before it, and would not act from sentiment.

R. B. HAYES has been elected President of a \$50,000 savings bank. Why don't he start a bank of his own? He could do it with one year of Sam Tilden's salary.

The Post says that Padmash Enterprises, Gaines will start the World, a morning paper in Louisville at an early date. So much of the Post's newspaper gossip is a hoax that we do not know whether to believe it or not.

The News is a new independent paper published at Hopkinsville, Ky., by Messrs. Wallis, Kennedy and Miller. It is a neatly printed, well edited and newsy sheet, and we welcome it as an X.

The commissions of the postmasters at Louisville, Lexington and Newport expired last October, and the President has made no appointments yet. The old incumbents will hold over until successors are appointed.

Dr. C. C. GRAHAM, of Louisville, who is ninety-eight years old, came down to Louisville last week to visit the cave discovered in the broad field of the imagination of Joe Mullikin, the prince of liars. Joe ought to be embalmed.

ANOTHER man cut his fingers off in the hemp room of the penitentiary at Frankfort last week in order to be relieved from work. The hemp room must be a horrible place, as this is the seventh man who has in the past year or two mutilated himself in this way.

SEMIANT MASON, the man who shot through the cell window at Guilford, has been court-martialed and sentenced to prison for eight years. He was sent last week to the penitentiary at Albany, N. Y. Petitions for his pardon have been sent to the President from various States and a writ of habeas corpus has been issued.

MR. GEO. L. WEATHERLY, a prominent citizen of Madisonville, Ky., was fouly murdered on Friday night last. The object of the deed was money, as his empty pocket-book was found several feet from his body. The citizens are very much excited, and a reward of \$500 has been offered for the apprehension of the murderer.

"To the victors belong the spoils" is a party maxim of Democratic, as well as Republican precedent, so while we think it a very great evil, we cannot blame Republicans for following it out to the very end, provided the appointments are of men who have character and ability. Some of President Arthur's appointments are good, and one of the latest, that of Judge Blatchford to the Supreme Bench is characterized as excellent, but as much cannot be said of many others, some of whom, Pinchback, of Louisiana, for instance, is little if any better than a common thief. Arthur is putting himself in training for the Presidency in 1884, and we would say to him that he had better be exceedingly careful. If he is not, the leaders of the party will shut down on him, if only to get a chance to slip in and do likewise or worse. Be careful, Chief.

A STAY of execution was granted by the Court of Appeals last Friday in the case of Ike Turner, who was to have been hanged at Lexington. The stay was granted without an appeal from the lower court and is the first case of the kind that ever came up in the Kentucky Court of Appeals.

WITH GRANT on the retired list and Conkling on the Supreme Bench, Arthur hoped to make himself the head and center of the Republican party. Conkling would not be shied, and Arthur thinks his little game will not work. There is trouble ahead from the Cincinnatian statesman.

"The greatest good to the greatest number" is the true principle of all just laws. Is the tariff law constructed on that principle? It is not, but for the benefit of a class who need restraint rather than protection. It is, therefore, not a just law and should be repealed.

Reports from all parts of the State are discouraging in regard to the condition of the farming interest; the almost incessant rain of the past three months have retarded the farmers that serious inconvenience in plowing the spring crop will result. Money seems to be rather plentiful but is becoming a little more stringent.

The floods on the Mississippi are beginning to subside, but great destruction still prevails. Storm people have been thrown by the wild waters on the shores of the world, and 75,000 rations have been sent to them by the Secretary of War, who informs the public that aid will be necessary for sixty days yet.

We this week publish the Republican ticket for county offices. The Herald is, of course, a Democratic sheet, but it also has advertising space for sale, and Democracy, as much as we love it, will not keep its alive without advertisements, under which head the above said Republican ticket comes.

The Russian Jews are still made to suffer the most horrible barbarities, and a commission, appointed by the Czar, has just decided that the Jews could not hold property in the empire, and 1,000,000 of this unfortunate people are now homeless. This treatment of the most industrious race of people on the earth should be resented by the nations, and the Russian Czar should be made to know that the Jews are human beings as well as himself.

The tax on whiskey is to be reduced from 10 cents to 50 cents per gallon, on malt liquors from 25 to 50 cents per barrel, tobacco, snuff, etc., from 16 to 10 cents per pound, cigars from \$100 to \$1, per thousand. About fifty percent of the special tax on dealers in the above mentioned articles will be removed and the law levying a tax on capital and deposits, bank checks, mortgages, promissory notes, on medicines, cosmetics, perfumery, etc., will be repealed. The various reductions will aggregate \$70,000,000 per year.

REV. M. EVANS, D. D., pastor of the M. E. Church South, Richmond, Ky., is the author of a new book just out, entitled, "The Bible Doctrine of Hell." He claims that there is no lake of fire and brimstone that God is never angry, does not and will not punish the sinner, and that a minister should not parade the terrors of Heaven any more than the horrors of hell before the audience, but rather teach the principles of true character. He is a sensitive preacher. The man who teaches you to do right, because it is right, and because it will make you happier, is teaching God's word much more correctly than the man who tries to scare you into doing right in order to escape hellfire.

WE this week put up the Democratic ticket of this county as nominated at the primary election held on the 11th inst. The ticket is a very strong one, composed, as it is, of good men and true Democrats, and the only remaining duty the Democrats of this county owe their party this year is to elect them, and thus more effectively prepare for the battles to come in the future. Doubtless many had favorites over whose defeat they are a little sore, but it now devolves upon them as Democrats to throw all their disappointments in a lump into the disappointment of the past and go to work for the nominees, who, if not their own choice, represent that of a very respectable number of others whose selection is deserving of consideration. The nominees should not, and of course will not, consider the face now now that they are nominated, for a county contest conducted as well as the experience of the past few years compels us to admit that Ohio county is not overwhelmingly Democratic, and a lukewarm canvass will most certainly result in their overthrow. Increasing judicious work will bring us success, and anything else will surely bring us nothing. Success is worth striving for, so let us go to work and work with a will so that we may merit it.

The health of the community is not so bad at present as it was a few weeks past.

I am glad to note that our young friend, R. N. Loney, who has been confined in his bed for several weeks past with typhoid fever, is rapidly improving.

Mr. J. H. Baird, who on his last very badly with cutting and timber about two weeks ago is improving slowly.

The farmers are through sowing oats and are now busily engaged in preparing ground for corn and tobacco. It is estimated that nearly every farmer is preparing to put out a large crop of corn and tobacco this spring.

Mr. L. Henry Loney has over 500 peach trees in full bloom at this writing.

Miss Lulu Jones, who has been visiting relatives in the vicinity of Rockport for two weeks past, returned home last Wednesday.

Miss Sallie Bennett, a very beautiful young lady of Hopewell neighborhood, has been visiting the family of Mr. S. T. Brown for several days past. Her many friends extend to her a most cordial welcome.

Also Mrs. John Benton, of Rockport, has been visiting relatives in the vicinity for the last few days.

Miss Abigail began her school at the Central Grove school house last Monday. May your efforts be crowned with the greatest success, is the wish of a friend.

There will be a debate at the Grove between several of the members of the debating society at Saturday night, the 25th inst. I hope there will be a large crowd present.

Mr. James Loney lost a very fine milk cow recently.

Born, to the wife of M. M. Park, on March the 13th, 1882, a boy. Also to the wife of M. W. Smith, on March the 13th, 1882, a daughter.

The election is over and every one seems to be very well pleased with the selection made by the party. Now, it is the duty of every Democrat of Ohio county to go to work for the interest of the Democratic party.

May peace and prosperity go with the Herald and its editor, now and forever, is the wish of a friend.

Personal.

Mr. W. P. Roll, of Nelson, Ky., arrived in town Sunday. He will take charge of the books in Mr. P. P. Hove's new establishment. Mr. Roll graduated in the commercial department of Hartford College last year, and is a thoroughly competent book-keeper.

Mr. R. P. Rowe returned from the east a few days ago, and meeting him on the street we questioned him about his trip, &c. He commenced telling us about the immense quantities of goods he had bought, but we soon became so bewildered as to be unable to comprehend that so many goods could be bought by one man to be sold in Hartford. Mr. Rowe, with characteristic quickness, saw what was the matter and said, "In order that you may more easily understand I will tell you that I have engaged more than a dozen teams to haul goods from the railroad. Good-day! I am in a great hurry," and off he went, leaving us looking after him and wondering at the man's pluck and energy. His Grand Opening to-day promises to be a sight worth seeing.
